## PRESIDENT'S MESSAGE

### 52nd RCMW Anniversary Celebration

**F**or the past 52 years since its founding on the 22nd of November 1969, the Rotary Club of Makati West (RCMW) has been at the forefront of providing community service, for which Rotary is known worldwide. Our club tells an incredible story and I am pleased that our club, has been and will continue to be focused on making a positive difference in the lives of the underprivileged.

At the heart of everything is our determination to continue to help others. While we are quietly proud of our

achievements we are always seeking to do more, Our club's culture is our strategy. It has been the driver of our club's success as well as the center of the club's value proposition.

*Another attribute that got us to 52 years is Makati West is efficient. We continue to focus on increasing our capacity to serve.*

*In Makati West, followers display the courage to assume responsibility and serve while the leaders hold themselves accountable by being accessible, credible, supportive and dependable at all times.*

I first joined RCMW in 1996 and consistently I see one common thread that holds Makati West members together : everyone considers service as a calling. The need is the call! It is not a choice, it is spirit of our club to serve! This is one of the strengths of our positive culture, which truly has been the foundation of our club's consistent success.

Celebrating Makati West's 52nd year anniversary is a testament to three attributes of the club, with the acronym, **SEA**, namely sustainable, efficient and accountable.

**S** is for sustainable. By the mere fact that we are here today celebrating our 52nd year anniversary. It is my honor to share with you some recent highlights of our club's history of sustainable community projects that have touched beneficiaries and given them fuller use of their capabilities and lead happier, more productive lives.

One of our flagship project is the Gift of Life GOL Program, which has since inception in December 2014, has provide about 2,500 free heart operations for poor children with congenital heart disease.

Other major projects include: "Gift of Sight", which has provided since inception in 2010 has provided over 500 free cataract surgeries and our "Gift of Mobility" project which has provided since 2004, over 1,000 free artificial limbs.

**E** is for Efficient: Another attribute that got us to 52 years is Makati West is efficient. We continue to focus on increasing our capacity to serve.

*Certainly, we are not about to sit on our laurels and become complacent and satisfied with past success and do nothing to achieve further success because our work is never done.*

*I just want you my fellow  
Men of Zest that I am  
having a time of my life  
as you RY 2021-2022  
President.*

In fact, we identified three levers to increase our capacity to serve. One, is to unleash the untapped talent across our club. Two, to grow our membership and three, to streamline our club's processes.

**A** is for accountable. Makati West members are accountable. A great part of our club's unique culture is our members' capacity and willingness to seamlessly transition between leader and follower roles. In Makati West, followers display the courage to assume responsibility and serve while the leaders hold themselves accountable by being accessible, credible, supportive and dependable at all times.

Our 52nd year anniversary is not about patting ourselves in the back, basking in our success. Certainly, we are not about to sit on our laurels and become complacent and satisfied with past success and do nothing to achieve further success because our work is never done.

I am happy to see my fellow members keeping the club's tradition of hard work and fun; which will allow us to meet the challenge to bring our club to heightened levels of success. There is no doubt in my mind that the club can do this; as our members are actively recruiting their colleagues, friends, and family to join us -so together we can work in fulfilling the task ahead of us. Lastly, I just want you my fellow Men of Zest that I am having the time of my life as your RY 2021-2022 president.

# RCMW All-Cluster Meeting November 29, 2021

Are We Ok?

Stress? burn-out? Anxiety? Frustration? Let's talk about this, brothers.

A conversation about struggles and successes during the pandemic – talking about our “MEN”-tal health and resiliency.

How have I been feeling during the pandemic? How have I helped myself and others cope with the emotional and mental challenges in a lockdown? What experiences can I share that could be helpful to my brothers in Rotary?

As part of our RCMW all-cluster series of gatherings, where we find ways to look out for and support each other, we will tackle the topic of our own experiences related to mental or psychological struggle or success. Joining us will be Dennis Montecillo, ... a former banker and who is now, among other things, an executive and life coach.

## PRESIDENT'S MESSAGE

**A**s Rotary Club of Makati West's new President, I hit the ground running, so to speak. From planning the first-of-its-kind virtual induction ceremony for us RCMW's new officers and Board of Directors that was broadcast live on Day 1 of our term, I got into high gear right from the very start.

That's how inspired and enthusiastic I am to serve my Rotary. Although full of zest, we have proceeded with caution lest we forget we are in the midst of a pandemic. Let me give you a rundown of what transpired in the first quarter.

## JULY 2021

- The Induction followed a hybrid format with a live stream that gave the program a live feel to it. There was a lot of fun and laughter, what with the bantering between the co-hosts, PP TG Limcaoco and PP Larry Ocampo. Adding to the excitement was the special dance video performance by our members' kids and grandkids. I believe this performance underscored our club's distinct affection and sense of pride for our families. It was indeed a very festive and memorable event!

- The flurry of events in July set the tone for a busy rotary year ahead. A great start for our weekly meetings was featuring our very own PP TG Limcaoco, BPI CEO, as first guest speaker. Likewise, our fireside chat series got started early, led by Danny Rodriguez, who spoke on "Reinventing the Internet With Blockchain".

- In July, the Gift of Life project was kicked off, with heart procedures that I attended at the De los Santos Medical Center. Likewise, the Gift of Sight (Cataract) quickly followed.

- Likewise, in July, spouses and children of our members successfully collected books for the GOL beneficiaries as well as conducted dance classes for them.

- The Guardian Angel program got underway with the spouses and children of our members successfully collected books for the GOL beneficiaries as well as conducted dance classes for them. Likewise, our spouses quickly got organized the ladies cluster to personally connect with 50 spouse and held a "Ladies Night" featuring a live band. The first Ladies Day featured Lexi Schulze.

- Another project that got quickly mobilized was our GK Team – who trooped to meet Luis Oquinena, Chair of GK Philippines and his team at their GK HQ in Mandaluyong.

- Speaking of fun, in the first month, we made time for a golf fellowship!

## AUGUST 2021

- The month of August was just as busy. A major event for the quarter was the launch of the makeover of the West Side Story; with a new, fresh, modern, sleek, look.

- We presented the tokenization in blockchain with our very own official Rotary Club of Makati West Non-Fungible Token (NFT), a limited edition 52nd year commemorative collectible that exists in the Ethereum Blockchain network.

- Eight home clusters were launched this month to make up for the lack of face-to-face fellowship and provide more members the opportunities to share with one another and to make it easy to get together. It also provides a platform to foster camaraderie and to recognize current news about members and together celebrate the success of cluster members over some beer and wine.

- The Likhang Sining winners were announced in August.

- We also launched the RCMW diplomatic corps as we started the reconnection with our foreign sister clubs with the search for 27 ambassadorial posts. Home clusters one and six spearheaded an all-cluster session on cycling.

**08/19** Tips to Reduce Anxiety

**08/12** Opportunities Abound: Don't Squander Them

**08/26** It's the People, Stupid!

## SEPTEMBER 2021

- In early September, for the first time, we had about 250 people signed in to hear our guest speaker, Martin Lorenzo.
- In partnership with the Rotary Club of Sapporo West, we rolled out “Maskquerade” and distributed equipment and supplies to various hospitals.
- Likewise, in September, through the kindness of Zdenek Jankovsky, work got underway for the club’s website.
- Thanks to Ian Ocampo, PetNet CEO for bringing in his company as the WSS sponsor for this rotary year.
- Cluster 7 came out with the highest average percentage of their members attending the weekly meetings. Engkanto beer was delivered to their homes as appreciation.
- Through the influence of Kuya Gil Chua, we were able to get a Canon camera donated to the club and can finally say goodbye to low quality photos!

All in all, it was a super fulfilling first quarter. I would like to thank each one of you for your support and dedication.

## TOKENIZATION AND BLOCKCHAIN-READY WITH OUR VERY OWN RCMW NFT

Presenting the official Rotary Club of Makati West NFT or Non-Fungible Token, a limited edition 52nd year commemorative collectible that exists in the Ethereum Blockchain network. This has been distributed to all members that have fully paid their membership dues as of July 31st 2021.

The RCMW NFT will also be bestowed to members or non-members such as guest speakers and benefactors who would demonstrate extraordinary service to the club or to the society in general.

In 100 years at year 2121, this could be worth billions for collectors while it would be priceless for our great grandchildren who would then be members of our great club.

Recipients must have an Ethereum wallet in Metamask to receive the RCMW NFT that they could hold and collect as a badge of honor.

## THE FOUR WAY TEST OF THE THINGS WE THINK, SAY AND DO

### ROTARY INTERNATIONAL

- I. Is it the **Truth**?
- II. Is it **FAIR** to all concerned?
- III. Will it build **GOOD WILL** and **BETTER FRIENDSHIPS**?
- IV. Will it be **BENEFICIAL** to all concerned?

### ROTARY CLUB OF MAKATI WEST

- I. Is it **RECOGNITION**?
- II. Is it **RETENTION**?
- III. Is it **RECRUITMENT**?
- IV. Is it **FUN**?

## Get to know RCMW President Franco del Rosario

RCMW President Franco del Rosario comes from a family of Rotarians. His father, Ambassador Toting, was RC Manila's past president, while his brother Carlos was RC Makati's past president.

After an overseas stint of 22 years, Franco returned to the Philippines in 1996 and was sponsored to the Club by the late PDG Tony Rufino; he was named "Baby Rotarian of the Year" in his first year. In the next years, he would serve as director for most avenues of service including club service, international service, and community service and in RY 2001 – 2002 was named "Rotarian of the Year" by then Pres. TG Limcaoco.

In RY 2020 2021, as President-Elect and Chair of the Membership Committee, Franco started "fireside chats" during the pandemic and sought topics and speakers, and brought in seven guest speakers for the weekly lunch meetings. For all his work, he was awarded the "No One Cares More" award by IPP Al.

A U.S. Certified Dale Carnegie Instructor, Franco is an Executive coach at Six Sigma Consulting, where he mentors CEOs of local companies and C-suite senior executives of multinational companies, and also serves as executive and planning review facilitator. He is currently The Bridge School, Inc.'s Head of Development and CFO and a club shares specialist.

Previously, he worked in IBM in the US for 15 years in various management roles in Finance and Marketing. Prior to this, he worked In Dole for 10 years in the Philippines, Nicaragua and Korea, and served as Head of Supply Chain for Japan and the Middle East. At Langdon & Seah Philippines, Inc. (Arcadis), he was Head of the Strategy and Corporate Development, as well as the Environmental Sustainability business.

He served as Vice President and Governor at the Management Association of the Philippines (MAP) where he chaired the MAP Annual CEO conference for five years, making a net profit of over P10M. He was a Green Associate for Leadership in Energy and Environmental Design (LEED) of the US Green Building Council.

He graduated from De La Salle University with a dual Lia-Com degree in Accounting and Political Science, and earned his MBA with a dual concentration in Finance and Marketing from the Columbia University in New York.

Franco is married to Tere Tabuena. They have one daughter who lives in Manila and two sons living in Seattle. Martin married to Lalita Lai and Marco married to Cesca Gabales. They have one grandson, Remy.
