GUEST SPEAKER
VINCENT PATRICK G. TOBIAS
HEAD OF INNOVATION, AYALA CORPORATION

Vince heads innovation at Ayala, one of Southeast Asia's largest and oldest companies, with interests in property development, financial services, telecommunications, energy, public transport infrastructure, water utilities, electronics and auto manufacturing; and more recently, healthcare, fintech, logistics, and electric mobility. The varied perspectives and capabilities of the verticals make for rich ingredients with which to cook up unique new offerings.

He serves on the Board of Directors of the Global Innovation Management Institute (GIMI), the world-wide standard professional certification body, with the mission of developing innovation as a management discipline.

Vince is a founding member of the Global Council of Innovative Organisations (GCIO); he sits on the Global Advisory Council of the Australian Innovation Management Institute (AIMI), the Board of Advisors of the ASEAN Innovation Business Platform (AIBP), and the Asia Innovation Council of non-profit think-tank, The Conference Board, among others.

He draws from 8 years of management consulting experience — most recently with the Monitor Company, the strategy and innovation consulting firm founded by HBS Professor Michael E. Porter; and much earlier with Arthur Andersen's Strategy Consulting practice in the Philippines, across the Asia-Pacific, and with Andersen's Revenue Enhancement Competency Center in Chicago.

He also takes from experience in leading scale-ups, such as K2 Interactive (Malaysia), a digital agency now part of media giant the Publicis Groupe; and Intermedia Games U.K. (now Tombola), then the world's biggest creator of cross-channel interactive games.

PRESIDENT'S MESSAGE

HEAT WAVE

Extreme heat in different parts of the country has been making the rounds of the news lately. Temperatures in some areas neared the “danger” level of 42 to 51 degrees Celsius. This can fry a sunny-side up within a few seconds. Don't take this lightly as this exposes us to illnesses like heat exhaustion and heat stroke. And guess what, our age group belongs to the vulnerable sector, so we should really be more careful.

To counter the dangers of heat wave, let's drink water frequently and protect ourselves from prolonged exposure to direct sunshine that can add to the heat we might feel. Stay safe!

PROJECT UPDATES

Let me now give you some project updates.

For our Gift of Life (GOL) flagship program, we have so far done 220 GOL surgeries this Rotary year, with 9 patients just operated on yesterday, April 17. We have also assisted to date a total of 2,242 indigent patients under Cong. Paul Daza fund.

**GIFT OF SIGHT PROJECT
FREE CATARACT SURGERY**
GG# 2453833

Rotary International Global Grant Partnership of

 Rotary Club of Makati West and

 Rotary Club of Haman - Asirang

In Partnership with MEDSURG EYE CENTER

For our next GOL operations, we have scheduled heart procedures for eight patients at the Delos Santos Medical Center on April 24, and other tentatively scheduled procedures which I will give updates on later.

For our Gift of Sight (GOS) program, we are continuing our eye screenings at Medsurg Eye Center and St. Luke's Medical Center for the April 20 scheduled cataract surgeries As mentioned last week, the on-going Global Grant #2453833 from our new international sister club in South Korea, RC Haman-Asirang will fund the remaining 90 eye surgeries whose beneficiaries have already been determined, thanks to the endorsement of PRID Guiller Tumangan, Dir. Ronald Cang and PP Eric Tensuan. Let me also reiterate that Dr. Timmy Tan and his awesome team have so far done 82 eye surgeries for this Rotary Year.

For our Breast and Cervical Cancer Screening Project, we also earlier reported that three locations within Metro Manila will be identified for screening activities. So far, this Rotary year, we have had screened 552 women from 8 different locations this Rotary year. From this total, 29 have been found positive of breast mass and 3 with cervix problems. These patients are being monitored by the Phil. Cancer Society.

So that's our project updates for this week. Feel free to approach me, our project chairs or our secretariat should you want to know more about our weekly schedules. Feel free to join us in any of these activities.

WEEKLY MEETINGS

Last week, we had Kenneth Lingan of Chowking - Jollibee Foods Corporation talking about the food sector. We all went home happy with our new knowledge and Chowking take-home food to boot.

Today, we have as speaker Patrick Tobias, head of Innovation at Ayala, one of Southeast Asia's largest and oldest companies, He will talk about the conglomerate's unique new offerings in the different verticals that they handle. Let's take advantage of all the learnings we stand to gain from his talk.

That's all for this week. Heartfelt thanks to everyone for your support. God bless us all!

Juan Antonio "Dax" T. Carlos
President, RY 2023-2024
Rotary Club of Makati West
